

Rudna Mała, 08.07.2019

AN INFORMATION FOR THE REQUEST FOR OFFER No. SON 25 UE/2019 Dated 1.07.2019

Dear Sirs,

With reference to the announcement of the request for proposals No. SON 25 UE / 2019 of 1st July 2019, we would like to inform you that the Purchaser has decided to specify the content of this inquiry, in terms of:

1. The cleanliness tests service being the subject of the contract will be carried out on a sample of max. 40 pieces of turbine housing supplied by the Ordering Party (which will be returned to the Ordering Party after the tests). For the purposes of testing, turbine housings will be delivered in batches of 2-5 units.
2. After completing the tests, the Purchaser will expect to submit a report on the tests (in accordance with the scope of the report indicated in the request for proposal). The Contracting Authority expects that the report will be prepared after the test of each turbine housing delivered for testing. In total, preparation of max. 40 reports. At the same time, the content of earlier information about the number of reports is cancelled - described in Explanation No. 1.
3. Period of the entire order - up to 30/06/2020. Turbine housings will be sent for testing in batches. The duration of the contract by the Contractor (being the subject of the evaluation of the request for proposal) refers to the date of the test for a given batch of turbine housings - 2-5 units.

This communication does not affect the remaining provisions of inquiry.
